To: Chief United States District Judge: Loretta A. Preska.

I'm writing you this letter about my situation on Rikers Island. I have a lot of problems going on with me. I put in a few claims and New York State never gave me any claim numbers. An accident happened Aug 29th 2015. I put in a claim and I received a claim number 2015PIO28549 10/7/15. When I received the claim number, on Oct 13th 2015 I received a paper for the same claim 2015PIO28549 that it was Disallowance - over 90 days. I put that claim in September 18th 2015. You can look at my paper work and you'll see I have the 2 papers with the same claim #. I'm afraid I don't know what that means and I know to my self it's not over 90 days and I believe I'm eligibly Detainee. You can look into a lawsuit files and the letter I send to my wife and children. I'm afraid - I want you Loretta A. Preska to be my witness. If anything happens to me in the correction system or in the streets of New York I will like for you to make sure my lawsuits go to my wife and children here and in Africa. Read all my letters you will understand. Thank you very much. And my family in Africa. God Bless you.

AHMADOU SANKARA
20 - OCTOBER 2015

Dear NaNa,

AS-Salamu Alaikum WA-Rahmatul-LAH
(In the name of God, most Gracious, most merciful)

I am writing this letter concerning me & my relationship with my children as well as the future. I want to ask you how my children are doing. Please understand that I am not the one creating my destiny; because Allah wrote our destiny before we were born. Forgive me for everything that happened in the past. I would like to have a connection with my children because that's in the best interest for them.

I changed my life, like a newborn.. I plan to carry my life differently for when I get out, hopefully soon. Please understand that as a muslim I would like to educate my children the way my father educated me. Every Friday I was taking you & my son to Juma Service/prayer. I was reminding all the time to wake up for prayer. I am not a bad person, please don't think I am going to hurt you. You the Mother of my beautiful children. But I want you to understand that I will never accept anybody to hurt you.

I came from woman & I respect my mother so much, That's why I am blessed. This life is not guarantee for nobody on this Earth even if you are 200 years old or a billion dollars... The day after tomorrow is guaranteed for the Believers who believe in 1 Allah... Most Gracious, Most Merciful I would like to remind Nouridine to study & to pray 5 times a day. The meaning of the name Nouridine is the light of our Religion. I plan for Nouridine to become Somebody Big in his life & Someone special :)

2

as well as the day after. And also remind our daughter Mahawa who's name is the meaning for the Mother of all mankind & the wife of Adam^(is) our Father; To pray 5 times a day.

I dream of one day to see Mahawa fulfill the destiny that Allah has written for her life in the day after tomorrow. Remind your other children to pray 5 times a day. Because if you don't remind them you will be Judged in the day after.

And you Nana the mother of our beautiful children please set an example & pray 5 times a day so the children can look at you & follow in your foot steps.

Seek help from only Allah & do not seek from others because if you seek from other beliefs then you will be punished (you & them) in the day after.

To remind believers benefits believers. Who Allah guides nobody can misguide, who Allah misguides nobody can guide. Only Allah has the power to change your destiny if anyone is misguided. Anyone can ask Allah to guide them & he will grant you guidance.

I want to know if you have pictures of the children plus I want to thank you for everything you have done for my children. I want you to know that I have a lot of \$\$\$ money coming for me & my children because I have several lawsuits currently pending. I want you to get in touch with my lawyer for my lawsuits in case something happens to me so that the money can go to my children & my
